The Pastor's Corner

This week we head way back to Genesis 5, one of my favorite chapters. No really, it is one of my favorite chapters. It is there we find the curious case of Enoch, a man who walked with God. His story is very brief and leaves one wondering about so many things. Thousands of years later someone decided to slap Enoch's name on some books; and, especially the first one (First Enoch), they gained a lot of traction. First Enoch is even quoted in the Bible! So many fun "rabbits to chase" with this one. I hope you can be here this week as we dig into one of the great mysteries of the Bible. See you Sunday.

A Note from the Recreation Minister

We have just celebrated 249 years as the United States of America. WOW! Area celebrations included fireworks, music, parades, truck/tractor pulls, plus much more. Every evening, beginning the Saturday or Sunday before July 4th, you could have been entertained by these events. All were celebrating our independence day.

In the movie *Independence Day*, President Thomas J. Whitmore delivers a powerful speech to the fighter pilots before their aerial battle against the alien invaders. My favorite line in his speech is "Today we celebrate our Independence Day!"

As believers and followers of Christ we have an independence day, that day when we surrendered our lives to Jesus Christ as Savior and Lord. To the world this doesn't make sense. Surrendering to be free is not logical. As humans we want independence and we don't want to be controlled. We don't want to have to answer to anyone but ourselves. We want our freedom.

When Christ becomes our Master is the only way to truly be free. We are free from slavery to sin, free to be what we were created to be, free to serve the One who gave us life and free to be in right relationship with God. FREE!

For me, my independence day was the last weekend of November 1974. Do you have an independence day? I pray you do. If not, all you have to do is surrender all that you are to Him—no longer wanting to be in control. Then you will have a true independence day.
