## The Pastor's Corner

Last Sunday, we talked about becoming the person God has created us to be. If we are going to engage in that process, we must saturate ourselves with God's Word. According to repeated surveys, the vast majority of Christians never attempt to share their faith even once in their lifetime. The most commonly given reason is that they do not know the Bible well enough to feel confident witnessing to others. It doesn't take a genius to work out the solution here. We have been blessed to possess the very words of God, yet many Christians leave their Bibles lying on a table, gathering dust. This Sunday, as I conclude the *Collide* sermon series, we will focus on our need to be more faithful students and readers of Scripture. I hope you can join us as we consider how to become more engaged with God's Word every day. See you Sunday.

Pastor James

## A Word from the Music Minister

I would like to take a moment to promote our Global Impact Celebration (GIC) 2026, *Discipleship In Motion*. Jillian and the Missions Committee have been working diligently on planning everything. GIC this year will be spread over four weekends. Each weekend will have a different emphasis. Please plan on attending all the events that you can. I would also like to remind everyone that you need to sign up for several of the events being offered. This is very important so that Jillian and her team know how many people to prepare for. I know that it is very easy to see the sign-up sheet and think, 'Oh, I will do that later.' The problem is that if you are like me, then 'later' ends up becoming, 'Oh no, I have forgotten to sign up' at the last minute. Let's break that tendency. Go ahead and grab the form, fill it out and turn it in. It only takes about a minute or two of your time.
